

2017 Simulcast Production Auction Results

Ramkota Hotel Bismarck, ND
 Dec. 15th, 2017

9 consignors from North and South Dakota

This was the first multiproducer simulcast auction held in North Dakota with the auction being hosted by Bradeen Auctions.

Animals were videoed and photographed at the ranch with weights being taken from ranch scales or certified on trailers by the load.

Animals were in very good condition and the prices reflected as such. Overall, the feedback generated was very positive in the move to this format as the reduced stress and handling on the animals was clearly visible to the buyers and consignors.

Most animals were moved by the end of the weekend and consignors were very flexible and accommodating to assist buyers in completing the transactions.

Heavy Heifer Calves:

Total hd per lot	Avg Weight	Price	Per/lbs
10	457	\$1,800	\$3.94
11	413	\$1,650	\$3.99
